

RESEARCH SUMMARY

My research focuses on reinforcement learning, with an emphasis on learning from offline data and human feedback, safe and constrained decision-making, and multi-objective optimization. More recently, I have been working on reward model interpretability and alignment in human feedback learning systems.

EDUCATION

University of Utah	Salt Lake City, UT
Ph.D. in Computer Science	Aug 2025–Present
Advisor: Daniel S. Brown	
Research Interests: RLHF, Constrained and Multi-Objective RL, and Reward Interpretability	
Sun Yat-sen University	Guangzhou, China
M.S. in Computer Science	Sep 2022–Jun 2025
Research Focus: Offline RL, Constrained RL, and Multi-Objective RL	
Sun Yat-sen University	Guangzhou, China
B.S. in Computer Science, GPA: 3.9/4.0	Sep 2018–Jun 2022

SKILLS

- **Machine Learning:** Deep Learning, Reinforcement Learning, Offline RL, Safe RL, Preference Learning, Reward Modeling, Machine Interpretability
- **Programming:** Python, PyTorch, NumPy, Git, C++

SCHOLARSHIPS AND AWARDS

- | | |
|--|-----------|
| • Chinese National Scholarship | 2024 |
| • Xiaomi Scholarship | 2023 |
| • First Prize of Sun Yat-sen University Graduate Scholarship and Grant | 2022–2024 |
| • 1 st place at the RoboMaster Sim2Real Challenge (2022 IEEE Conference on Games) | 2022 |
| • Outstanding Student Scholarship of Sun Yat-sen University | 2019–2021 |

EXPERIENCE

- | | |
|--|-----------|
| • Research Intern, Aligned, Robust and Interactive Autonomy Lab, University of Utah
<i>Researched crowd preference learning and pluralistic alignment for RLHF.</i> | 2024–2025 |
| • Research intern, Advertising Algorithm Research Group, Meituan Inc., China
<i>Modeled auto-bidding for local delivery advertising as a constrained decision-making problem with dynamic budgets; proposed a diffusion-based offline safe RL algorithm that was deployed for preliminary validation in Meituan’s auto-bidding system, and whose diffusion-based generative modeling framework was later extended for large-scale production use.</i> | 2022-2023 |

VOLUNTEERING

- | | |
|---|-----------|
| • Member, the Duxing Volunteer Service Team, China
<i>Participated in animal rescue activities, including helping stray cats and dogs.</i> | 2019–2025 |
|---|-----------|
